OUR SERVICES: METAL ROOFING

At Joca-West we stand by the excellence of our work and provide customers with personalized attention based on their specific needs installing any kind of metal roof, soffit and fascia. We offer only the highest-quality roofing materials to ensure that the attractive appearance and superior function of your roof last for years.

SERVICE OVERVIEW

Metal roofing provides many advantages for home owners. At Joca-West, we have successfully installed hundreds of metal roofs on both new and existing homes for residential and commercial. Metal roofing is a popular option in Canada as it can stand the harsh Canadian climate. It's very sturdy, requires little maintenance and stands the test of time. Available in a wide range of colours and styles to suit any residential and commercial building.

DURABLE & COLORFUL ROOFING OPTIONS

Known for their exceptional durability, metal roofs come in a wide range of colors and configurations. Innovations in paint and coating technology have significantly enhanced the performance of metal roofs and eliminated worries about rust and corrosion.

Advantages of metal roofing:

Durable | Weather-resistant | Energy-efficient | Low-maintenance | Available in multiple textures & colors
